Hopedale, Massachusetts 01747

Tel: 508-634-2203 x216 Fax: 508-634-2200

Office of:

Building Department

Kitchen Renovations

Work Exempt from a Building Permit: Except for activities which may require a permit pursuant to other laws, by-laws, rules and specialized codes, a building permit is “not” required for the following “*Kitchen Renovation*” activities:

*painting, papering, tiling, carpeting, cabinets, countertops and similar finish work

****However**, if removing and re-installing/replacing a kitchen sink, dishwasher, garbage disposal etc., a ***Plumbing permit*** is required. If adding, modifying or replacing plugs, lights, receptacles, or anything electrical, an ***Electrical permit*** is required as well.

Work Requiring a Building Permit: If you are opening any “exterior walls” or removing any existing walls that change the original footprint of the existing kitchen layout, a building permit “is” required. Any work requiring adding/replacing insulation, a building permit “is” required.

***** For any questions or clarification of work being performed, please contact our office at (508) 634-2203 x 214 or x 216.**
