New automated collection system for single stream recycling and waste

All residence will receive one 96-gallon blue cart for single stream recycling and one 65-gallon green cart for waste. Once received please begin using them immediately.

- Carts must be placed at curbside before 7:00 AM on your collection day.
- All household garbage must be in bags.
- All single stream recycling should be free and loose in the cart
- Cart lids need to be closed and the arrows facing towards the street.
- Carts should be placed on the right-hand side of the road on all back downs and one ways.
- Carts need to be placed at least three feet apart and free of any obstructions including but not limited to mailboxes and cars.
