

8/11/20 BOS / W&S recap

Whether the Town owns the land, or GURR does, all agree that a mutual agreement between the Town of Hopedale and GURR is in the best interest of the Town.

Although skeptical, the W&S will remain open minded and looks forward to reviewing the written proposal as soon as it is available from GURR.

In a similar fashion, the BOS will remain open minded regarding the land purchase option. The challenges of purchasing the property and potential post purchase issues, are not taken lightly. Even so, the W&S position is that owning the property provides the Town with the best opportunity for a mutual agreement with GURR.
