HOW MANY CALLS DOES HOPEDALE FIRE DEPARTMENT RESPOND TO ANNUALLY? WHEN DO I WORK?

Hopedale Fire Department responds to an average of over 1,500 calls for service annually, of which nearly 40 % result in off-duty personnel responding from home. These responses vary in nature ranging from Medical Emergencies, Motor Vehicle Accidents, Fire Alarm Activations, Structure Fires, Motor Vehicle Fires, Wildland Fires, Hazardous Materials Incidents, and many others.

Call Firefighter Candidates and Call Firefighters respond from home, when available, and supplement the Career Firefighters (who staff the station 24-hours a day, 365 days a year) on calls requiring more personnel than are on-duty and/or when simultaneous calls for service occur. The Fire Station is staffed by two Career Firefighters at a time.

Call Firefighters occasionally are called upon to staff the fire station by working a "shift" when they are unable to be filled by Career Firefighters and/or during times of severe weather as determined by the Fire Chief and/or his designee.

Call Firefighter Candidates and Call Firefighters are required to respond to a minimum of 50 % of all General Recalls that occur between 6pm and 6am Monday through Friday, as well as all day on Saturday and Sunday.

Firefighters are notified their services are needed via Department Issued Pagers which are supplemented by IamResponding.Com.

MISSION STATEMENT

“The Hopedale Fire Department is committed to providing the highest level of public safety services for our community. We protect lives and property through fire suppression, emergency medical and transportation services, disaster management, fire prevention and public education.”
